March 16-20, 2026

CSU Fort Collins

COLORADO STATE UNIVERSITY

DRONE FLIGHT SCHOOL

Training Highlights

Learn to fly and get your Part 107 Remote Pilot license in this comprehensive professional training seminar! The CSU Drone Flight School is designed to teach all material needed to pass the exam, including flight safety, FAA regulations, aviation weather, airport operations and more.

Curriculum & Materials

Our proven delivery combines a dynamic smart classroom with hands-on training on the flight line. Learn to operate UAVs in a real-world environment utilizing our fleet of modern aircraft with RGB and infrared camera payloads, and participate in real-time mission planning, airspace authorization, risk analysis and data processing. Materials include study & reference guides, policy examples and workflow templates.

Next Generation Pilots

The CSU Drone Center has trained over 1600 pilots, and our students enjoy a 99% first-attempt pass rate on the Part 107 exam. Participants come from all walks of life and all age groups, and no experience is required. All Drone Center classes are open to the public as well as CSU students and affiliates.

Register & Participate!

$699 for community members, **$599** for CSU affiliates.
